

# HyFlex<sup>®</sup> 11-100 Glove

High Performance, Perfect For The Electronics Industry.

## Dexterity and Electrical properties.

Manufactured with conductive X-Static<sup>®</sup> yarn and a nitrile static dissipative coating, the HyFlex<sup>®</sup> 11-100 glove was designed with the electrical industry in mind. Giving your workers the ergonomic fit, incredible grip, excellent dexterity and protection they need.

## When control and electrical properties are critical.

The HyFlex 11-100 glove gives workers the dexterity, protection and confidence necessary when handling small, electrical components. The form-fitting, natural shape makes it comfortable for a full day of work, increasing productivity while decreasing injury expenses.

# x HyFlex® 11-100 Glove
